

Our Buy-to-let Mortgage Range for Remortgages

This Mortgage Rates and Features Guide should be used in conjunction with our general 'Mortgage Guide' which will give you more in depth information. This leaflet gives you the specific rates, features and prices of our current mortgage range to help you understand more about our mortgages.

Important Information

- Please be aware that our mortgage products can be withdrawn without notice and funds will not be allocated to applicants until we have received a fully completed application form, any relevant fees and supporting documentation.
- Please note mortgage offers are valid for six months (except additional borrowing offers which are valid for one month) and are not transferable to different properties.
- It is our practice to send the loan to your conveyancer by CHAPS and a charge of £6 will be payable. You can choose to add this to the loan, or to avoid incurring additional interest, you can pay this before the offer.
- Monthly payments must be paid in advance by direct debit on the 1st of each month. The interest rates quoted include a 0.25% direct debit discount. If the direct debit is cancelled, this discount is removed.
- The Society requires a first mortgage for any loan. Loans are subject to status and valuation. Minimum age 18 years.

If you require a Homebuyers Report or Buildings Survey then the additional cost associated with this report will be incurred by you. Incentives available to a maximum of one application per applicant(s).
- Please note, where separate interest rates apply for different Loan to Values (LTVs), a change in your valuation or loan required may mean you are ineligible for the rate you originally applied for. In this instance you will be advised of the change and asked if you still wish to proceed with your application.
- Where no Early Repayment Charge (ERC) applies or the ERC period has expired unlimited overpayments can be made.

Description of abbreviations

BMVR = Buy-to-let Mortgage Variable Rate

BMVR was introduced on 14 November 2012. It is a different interest rate to the Society's Buy-to-let Standard Variable Rate (BSVR), although both are set by the Society. These two interest rates may change by different amounts and at different times. The BMVR does not have any ceiling.

BoEBR = Bank of England Base Rate

The interest rate at which the Bank of England will lend to the UK banking sector.

ERC = Early Repayment Charge

A charge that you will incur if you pay off your loan in part or in full within a pre-agreed period.

LTV = Loan-to-Value

The amount of a mortgage loan expressed as a percentage of the value of the property against which the loan will be secured.

Standard Mortgage Valuation Fees

These are free except where the value of the property is over £1.5m.

The valuer's standard mortgage valuation report is for the benefit of the Society for mortgage purposes only and does not guarantee that the property is free from defects.

Legal Fees

Some of our remortgages qualify for free standard legal fees. There may be some additional legal costs payable where the loan is above £1,000,000.
