

Legal Documents Care Package

A good way to keep your Will
up-to-date and ensure your
documents are safely stored.

Safe, secure storage

At Skipton, we understand the importance of writing a Will to set out how you want your wishes to be carried out. We also know the importance of storing your Will, and other legal documents, in a safe and secure place with access when you need it. That's why we have teamed up with Redstone Wills Limited (Redstone), a Skipton Building Society subsidiary, to offer a Legal Documents Care Package.

Overview of the Legal Documents Care Package

The Redstone storage service is available to anyone who has written a Will, Power of Attorney (POA) or other legal documents through Redstone Wills Ltd and/or any of Redstone's specialist partners and it offers you a range of benefits.

Inside this brochure you'll find information about the following:

- **Will attestation check by Redstone.**
- **Secure, fireproof storage of your Will, POA and other legal documents.**
- **Priority document delivery service.**
- **Serious illness and bereavement service.**
- **Annual update service for Skipton or Redstone.**

The benefits of the Legal Documents Care Package

Legal documents such as a Will or a POA are far too important to be kept just anywhere, that's why a professional storage facility can be a much safer option.

You can keep your wishes confidential

Some legal documents can contain sensitive, personal and financial information which you might want to keep confidential. Once the documents have been signed and witnessed, they can be retained securely at Redstone until needed.

Your documents are unique

Many legal documents aren't like other formal documents, such as a bank statement or birth certificate. If your documents are accidentally destroyed or lost they may be invalid; even copies may not be enough. Only an original that has been correctly signed and witnessed can safely be considered valid in the eyes of the law.

Easy access to your legal documents

If your circumstances change over time and you need to make changes to your legal documents, it's vital that they are easy to access. For example, after the birth of a child, or grandchild, or if you decide to introduce a new beneficiary or Executor.

Your Executors will also need to be able to get hold of your Will quickly and easily upon your death. Redstone provide a free priority documentation delivery service meaning no time will be lost looking for your documents. When you receive confirmation of your Legal Document Care Package account, you can pass these details to your Executors so they know who to contact.

You might wish to store a Lasting POA which you do not intend for immediate use, for example, if it is only to be used if you become incapable of handling your own affairs.

Additional benefits

Discounted Lasting Power of Attorney

By taking out a Legal Documents Care Package you're entitled to a 10% reduction on the standard fees to prepare your Lasting POA.

This cannot be used in conjunction with any other offer. Please note that this does not include the Office of Public Guardian fee.

Attestation check

It is extremely important that your Redstone Will is correctly signed and witnessed as this could invalidate your Redstone Will if it isn't. Redstone offer a checking service through the Legal Documents Care Package.

When you sign your Will it is important:

1. That you and the witnesses all stay together and in each other's presence while you and the witnesses are all signing.
2. That everyone uses the same pen, which cannot be rubbed out.
3. That the Will is dated and signed in the right places.
4. That nothing has been pinned or stapled to the Will.

In addition:

1. In England and Wales, anyone over the age of 18 can witness a Will as long as they or their spouse or partner do not benefit from the Will, either directly or indirectly. For example, your witness(es) could be friends, neighbours or work colleagues.

2. In Scotland, anyone over the age of 16 can witness a Will as long as they or their spouse or partner do not benefit from the Will, either directly or indirectly. For example, your witness(es) could be friends, neighbours or work colleagues.
3. In all cases, note that “benefit” would also include anyone whom the Will entitles to be paid in connection with administering your Estate.

Once you have taken the Legal Documents Care Package and signed your final Will, Redstone will check that the correct procedure has been followed before storing your Will. This will give you confidence that your Will is a valid legal document.

Please note, that as part of the attestation process, Redstone are unable to check:

- That all the witnesses were present with you at the time of your signature and their signature.
- That the witnesses are of the right age.
- The witnesses are not related to you.

In some circumstances, when Probate is applied for, witnesses may be asked what happened when the Will was signed by you.

Annual updates

The Legal Documents Care Package includes a free annual Will update through Redstone if you need it. This covers up to three minor changes, as long as they are requested at the same time. Please see the terms and conditions for further details.

Serious Illness and Bereavement Service

If you're diagnosed with a serious illness or suffering from bereavement, you may need extra support. Through Red Arc Assured Limited, the Legal Documents Care Package includes access to practical advice and support from professionals. You will have your own personal nurse adviser for as long as you need who can organise home visits, therapy or counselling.
